Date Physician dictated MEB narrative Summary: 08/20/2007		

Physical Evaluation Board
Date MEB Forwarded to PEB: 11/07/2007

Medical Evaluation Boards (MEB) are conducted at medical treatment facilities to determine if injured Soldiers meet medical retention standards set in Army Regulation 40-501, “Standards of Medical Fitness.” MEBs differ from Physical Evaluation Boards (PEB), which are conducted for the Army by Human Resources Command to determine if Soldiers can continue to serve and, if they cannot, to what disability benefits the Soldiers are entitled.

My MEB on Army Knowledge Online (AKO) supports the Army mission to provide a continuum of integrated care and services for Warriors and their Families undergoing a MEB and/or PEB by providing a means to:

- ✚ Track MEB/PEB Process
- ✚ Ensure Data Accuracy
- ✚ Complete Soldier Satisfaction Survey

Located at:

<https://www.us.army.mil/suite/page/417118>

My MEB automatically downloads information from the MEB Internal Tracking Tool (MEBITT) database with a Soldier’s matching Social Security number. If a Soldier finds something inaccurate or questionable, he or she can contact the assigned Physical Evaluation Board Liaison Officer (PEBLO). My PEB information is updated by the Physical Disability Agency.
